

Bring the Boom to the Backyard

Take your outdoor sound system to the next level with an Episode® Landscape Subwoofer. Available in multiple designs and sizes, you can get remarkable bass at every turn.

• Episode Landscape Series Burial Subwoofer

The perfect complement to Episode Landscape Series Speakers, a burial subwoofer packs a punch and adds some serious power to your system. Available in three woofer sizes and equipped with premium components like a Mica-filled polypropylene woofer and computer-optimized port, it delivers deep, pounding bass and hits all the low notes.

• Episode Landscape Series Hardscape Subwoofer

If your space doesn't lend itself to a buried subwoofer, have no fear. The Episode Landscape Series Hardscape Subwoofer can bring earthshaking bass from above the ground. When installed on your deck or patio, this sub kicks your outdoor parties up a notch.

• Built to Withstand the Weather

Outdoor systems need to be tough enough to handle whatever the environment dishes out. That's why Episode® Landscape Series products are designed with heavy-duty components and tough exteriors. They've been tested in extreme temperatures and are sure to keep performing exceptionally for years to come.
